

WHO WE ARE

**A SPECIALIZED COMPANY
IN THE INSTALLATION
OF PHOTOVOLTAIC SYSTEMS
AND SOLAR THERMAL.**

The company was born from the idea of 3 specialized partners in different sectors that have decided to merge their different experiences to offer a complete service and quality. We are operational in Sicily, Sardinia, Calabria, Basilicata and Puglia. We also deal installation only.

OUR VISION

"Let's install Energy"

•Italwatt is the inevitable result given by the sum of values ethical and professional from over 30 years of activity in the field; activity that arises from passion intention to combine innovative technological proposals with desire for common well-being.

•Wellbeing even more sought after today, given the real need to work to protect the natural climate balance of our beloved planet.

•It becomes inevitable for Italwatt to be attracted and attract fair conditions aimed at personal improvement and professional.

OUR MISSION

"The customer at the centre"

- Consultancy and correctness of information
- Study and solutions for tax breaks
- Quality and availability of the best products
- Precision in design and installation
- Technical assistance before, during and after installation
